CAPABILITIES:

The Schweinfurt Veterinary Treatment Facility (VTF) is a full service veterinary clinic. General small animal veterinary practice includes outpatient clinic, yearly exams and immunizations. Medical and surgical services include routine elective surgery (spays, neuters, prophylactic dentistry), general surgery, ECG diagnostics, in-house blood analysis, endoscopy, dermatology (allergy testing and treatment), x-ray diagnostics, and isoflurane anesthesia. Facilities include three treatment rooms and one surgical suite.

LIMITATIONS:

Due to our level of staffing and other military obligations, the Schweinfurt VTF is unable to provide 24 hour emergency service with in-patient critical care hospitalization. Animals requiring this level of care will be referred to civilian host nation veterinary facilities providing these capabilities.

ACCESS:

Patients are seen by appointment only. Emergencies are seen during office hours. Calling ahead is advisable for non-appointment visits due to the possible lack of an attending veterinarian. After hours emergencies are referred to an off-post facility, but will be seen if a veterinarian is present in the facility. House calls are made on a case by case basis.

REFERRALS:

Patients may be referred to the 51st Medical Detachment in Vogelweh (near Kaiserslautern) for specialized surgical or medical care. Civilian referral clinics are available and are coordinated through the VTF. Specialists in internal medicine, surgery and ophthalmology are available in the civilian sector.

EMERGENCY CARE:

Emergencies are seen during normal operating hours when a veterinarian is available. After-hours emergencies should seek care from an off-post provider. A referral list is provided outside the VTF and a copy is included below:
